“Every 30 seconds a lower limb
is lost somewhere in the world
as a consequence of diabetes.”

 - China
 - India
 - Indonesia
 - Pakistan
 - United States of America
 - Brazil

National initiative for diabetic foot care and prevention of amputations

The background of the slide is a photograph of the United Nations flag, which is light blue with a white emblem in the center. The flag is flying on a tall, silver pole against a clear, bright blue sky. The text is overlaid on the left side of the image.

The Resolution addresses all diabetes

Designates World Diabetes Day 14 November as a UN-observed day as of 2007

Encourages national policies for prevention, care and treatment in line with sustainable development of healthcare systems
